

CRUISE THE COAST OF MAINE

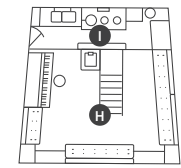

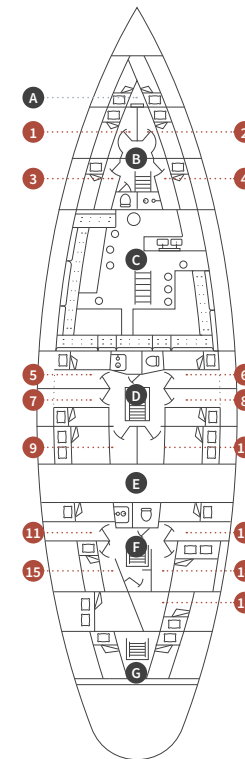

WINDJAMMER
ANGELIQUE

ANGELIQUE IS YOUR VACATION SPOT IN MAINE!

There is no other vacation experience which duplicates the tranquil yet invigorating days aboard *Angelique*. The scenery on Maine's majestic coast is pure and unparalleled, and the sailing is some of the best in the world. You'll see Maine's legendary lighthouses, smooth granite islands, seals swimming or sunning themselves, osprey and eagles soaring overhead, and on occasion, a curious porpoise playing with *Angelique* as she plows through the deep blue water.

The romanticism of sailing never fails to capture the imagination of all, no matter what age or profession. A windjammer vacation appeals to those who revere simplicity and beauty. Life at sea is relaxed and casual, with a timeless quality that rejuvenates your spirit and provides a break from your busy life on shore. Relax, unplug, and connect with nature as you quietly move with the prevailing winds. You can haul a line, furl a sail, take a turn at the helm, or sit back and relax — it's your vacation.

Each day under sail is a nautical adventure, the destination at the end of the day decided by the wind, weather, and tide. Part of the charm of a windjammer vacation is that the cruises are unscripted, meaning no set itinerary. *Angelique* leaves her berth in picturesque Camden to cruise around the islands and in the bays between Boothbay Harbor and Bar Harbor. The beautiful places we can drop anchor for the night and explore are endless!

- A Crew Quarters
 - B Forward Passenger Compartment

Beam: 23 feet, 7.5 inches

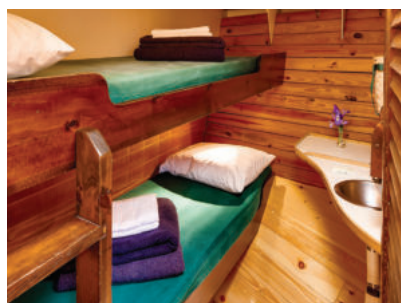

Draft: 11 feet
Sail Area: 5269 square feet
Displacement: 142 tons
Passengers: 29
Crew: 7

ALL THE COMFORTS OF HOME

Designed *only* for windjamming and built for comfort, *Angelique* is swift and safe. Her deep draft hull and full keel assure maximum stability in any weather. Her steel and wood construction combine the authenticity of a classic 19th century North Sea fishing trawler with all the comforts of home.

Angelique boasts 3 "heads" (bathrooms) and 3 hot, freshwater showers below deck. There is standing headroom in all 15 guest cabins. Each well-ventilated cabin has its own freshwater sink, reading lights, towels, sheets, and blankets.

One of our guests' favorite spots is the deckhouse salon, a lounge above deck. The deckhouse is completely protected from the weather, with lots of windows to view the passing scenery. At night, the deckhouse is often the place for an old-fashioned songfest, as guests and crew alike circle around the piano and break out the guitars. Guests are always welcome to bring small musical instruments aboard!

FOOD ABOARD AND A MAINE LOBSTER BAKE

Meals aboard *Angelique* are served family style and are best described as gourmet comfort food. This includes roasts, pork loin, soups, stews, shipboard-baked pastries, fresh salads and seafood, and daily homemade breads. Bring your appetite because it's good food and plenty of it! Our chefs are busy in the galley from dawn to dusk cooking everything from scratch using fresh, quality ingredients, sourced from Maine farmers whenever we can. Special diets can be easily accommodated when advance notice is given.

One evening of the cruise, we will row ashore to an uninhabited island for a traditional Down East feast of lobster, burgers, and corn — cooked to perfection over an open fire on the beach. Top it off with homemade dessert and roasting s'mores over the fire. This famed all-you-can-eat Maine lobster bake is a highlight on *every* cruise!

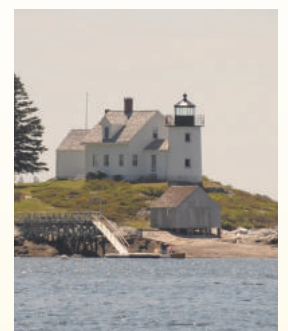

A vacation aboard *Angelique* is an intimate and authentic Maine experience. From sailing on a tall ship to the traditional all-you-can-eat lobster bake on an uninhabited island, you will be immersed in the 'real' Maine. The captain's local knowledge allows you to visit quaint, off the beaten path locations. During daily shore excursions, you'll have the opportunity to explore an island, hike in a nature preserve, walk to a lighthouse, or visit a historical village or small town to get a sense of Maine's local culture.

Escape to Maine! Relax and be free of schedules, email, and 24/7 information. A vacation aboard *Angelique* is perfect for singles looking for solace, families wishing to unplug and connect, and groups of friends wanting to make memories of a lifetime.

Don't wait to check this experience off your bucket list because after you've been windjamming, you'll want to do it again — **50% of our guests have sailed before!**
