

# GRACE BAILEY

# 2023 Schedule

We hope you will join us for a sailing adventure. We always sail as much as possible and pride ourselves on good food and company. All music performances are acoustic and about an hour, taking into consideration the peacefulness of the evenings on the water around us. Themes are a fun addition to the adventure, but we always make sure to focus on the scenery around us and leave ample time for sailing and small boat adventures. Whether sailing or rowing is your favorite, we carry [small boats](#) for your use. We are happy to take you out or teach you.

PRICES ARE PER PERSON. Please have a look on our website: [sailGraceBailey.com](http://sailGraceBailey.com) for further details on trips and cabin options. (Cabin layout on back)

Boarding 5 - 6pm  
Returns Before 12pm

## GRACE BAILEY

Length Overall.....118 ft  
 Length on deck.....80 ft  
 Beam.....23.5 ft  
 Draft: Centerboard up.....6 ft  
 Draft: Centerboard Down.....14 ft  
 Tonnage.....58 gross tons  
 Passengers.....29 maximum  
 Crew.....5

The vessel is framed and planked with white oak, with a deck of long leaf yellow pine. It carries neither inboard engines nor powered deck machinery, propulsion when needed being provided by a small yawlboat with an inboard motor. She carries 1000 gallons of fresh water and is equipped with three public heads and a hot shower.

There is a centerboard with its centerboard trunk, the main mast being offset somewhat from the center line of the hull to accommodate the width of the trunk. The only significant alteration to the schooner lies in the substitution of companion ways for cargo hatches and the installation of staterooms below decks.

GRACE BAILEY was built in Patchogue, Long Island, New York, in 1882 by Oliver Perry Smith, and named for owner Edwin Bailey's daughter, Grace, born that year. In 1906, GRACE BAILEY was rebuilt and renamed for Mr. Bailey's granddaughter, Martha, nicknamed Mattie. From 1906 until 1990, the schooner sailed as Mattie, but in the spring of 1990, after restoration, was returned to her original name.
